

CARMD CORPORATE FACT SHEET

Vehicle Health Intelligence Since 2006

ABOUT CARMD

CarMD is a vehicle health data and technology company helping drivers better understand, manage and care for their vehicles. Built on decades of diagnostic expertise and real-world repair information, CarMD serves drivers, automotive professionals and industry partners through the CarMD Connect platform and CarMD® Vehicle Health Index™.

WHAT DRIVES US?

For two decades, CarMD has helped drivers better understand vehicle health. What started as a mission to make vehicle diagnostics more accessible to everyday drivers has grown into a trusted source of vehicle health insights and vision to make automotive ownership and vehicle care fair, transparent and easy.

CARMD CONNECT

Launched in 2025, CarMD Connect brings CarMD's vehicle health expertise into a connected experience designed to make car care simpler and more manageable.

The **CarMD Connect app** helps drivers stay ahead of vehicle issues, make more informed car-care decisions and get rewarded for taking care of their vehicles.

For drivers who want a deeper connection to their vehicle, the **CarMD Connect device** works with the app to provide continuous vehicle health monitoring and real-time vehicle insights.

CARMD VEHICLE HEALTH INDEX

Since 2011, the **CarMD® Vehicle Health Index™** has transformed real-world diagnostic and repair information into insights about check engine light-related problems, repairs and costs, regional trends and vehicle reliability.

The Vehicle Health Index helps consumers, journalists, manufacturers, aftermarket companies and automotive professionals better understand vehicle health and repair trends.

WHO CARMD SERVES

Drivers

CarMD helps drivers better understand their vehicles, stay ahead of maintenance and repair needs, and make informed decisions throughout the ownership journey.

Everything Automotive

More than repair. CarMD is building an ecosystem around the entire ownership experience. Parts, service, tires, retail, insurance, warranty, fuel stations, and more. Our goal is simple. Help drivers get more value out of ownership while helping businesses stay front of mind with ready-to-purchase customers.

Media & Automotive Industry

CarMD provides vehicle health insights and trend data to help automotive companies, aftermarket organizations, journalists and other industry professionals better understand vehicle reliability, repair costs and the issues affecting vehicles on the road.
